

# Welcome to Computer Training Academy

## COMPUTER TRAINING ACADEMY

COMPUTER TRAINING ACADEMY has become synonymous with Vendor Certification. Specializing in Microsoft, Cisco, CompTIA, Linux, Network Security and Novell Certifications the Academy's training process is completely unique and goes unmatched in the training industry. The training can be built around any schedule and every student passes the Vendor Certification Test for the course they are working on before they start the next course. **YOU WILL GET CERTIFIED!!**

Because our program leads to Vendor Certification our students go to work. Every student completes their program completely certified and capable of doing the job the first day. The high demand for certified and capable Computer Training Academy students gives the students the ability to start working before they even complete the training. **Get Trained - Get Certified - Start a Career!**

## BE CAREER READY IN 5 MONTHS WITH ONLY 4 HOURS A WEEK IN THE FACILITY

The Computer Training Academy is the NEXT GENERATION in education and training. The Academy's educational system creates a completely flexible training environment that allows you to train one on one with an instructor in our state of the art training facilities for the mastery of hands-on skills and with intelligent-based simulations and computer based training on a new laptop computer for the mastery of the academic portions of the training. Our Anytime, Anywhere Training Solution creates the flexibility most of us require as working adults. The end result is vendor certification and a thorough hands-on training. **YOU WILL GET CERTIFIED!!**

Train in our facilities with one on one instruction to master the hands-on skills and train in the comfort of your own setting for the theoretical aspects of the program. Support for all questions can be attained individually in our training facilities with a certified instructor, over the phone, e-mail or on bulletin boards from the best instructors in the world!

The Computer Training Academy's training philosophy, (SEE IT, HEAR IT, READ IT, WRITE IT, and DO IT!) will provide a thorough hands on and academic training that will lead to complete vendor certification. **YOU WILL GET CERTIFIED!!**
