

Network +

Our Network + training package is specifically designed to help you pass your CompTIA Network+ exam. The comprehensive multi-media training within this course thoroughly trains you on each Network+ testing objective. With our Comprehensive Network+ training you can familiarize yourself with important networking concepts that are essential to know as an IT professional. To become certified you must pass one exam.

Network+ Certification Curriculum

- Network + Certification can be added to the MCSE, MCSA, MCDBA, CISCO and CNE training solutions.
